Excel file based on IHA template + RAD hazard + Dose rates

37		13.6.8.5 Experimental cave	EC	13.6.8.5.3.1 Power	Fa
		13.6.8.7 Sample preparation area	SPA	13.6.8.7.4 Lab equipment and sample storage	Hu

Microsoft Excel

Ready

First Sheet | **IHA Template** | Hazards list | Systems list | Criteria list | RAD Hazards | Dose rates | +

- New documentation was submitted to ESS 22.09.2019
- Pre-start review of PSS was scheduled day before STAP in October (did not happen)
- 1 day workshop was proposed by SB before end of 2019
- No response before ICEB in December 2019
- Similar issues were reported during ICEB meeting by other instruments
- Slow progress in PSS was raised as a risk of delaying Final TG3 in monthly report to ESS
- PSS workshop is now scheduled for 27.02.2020
