**Use the code: 88 74 84 7**

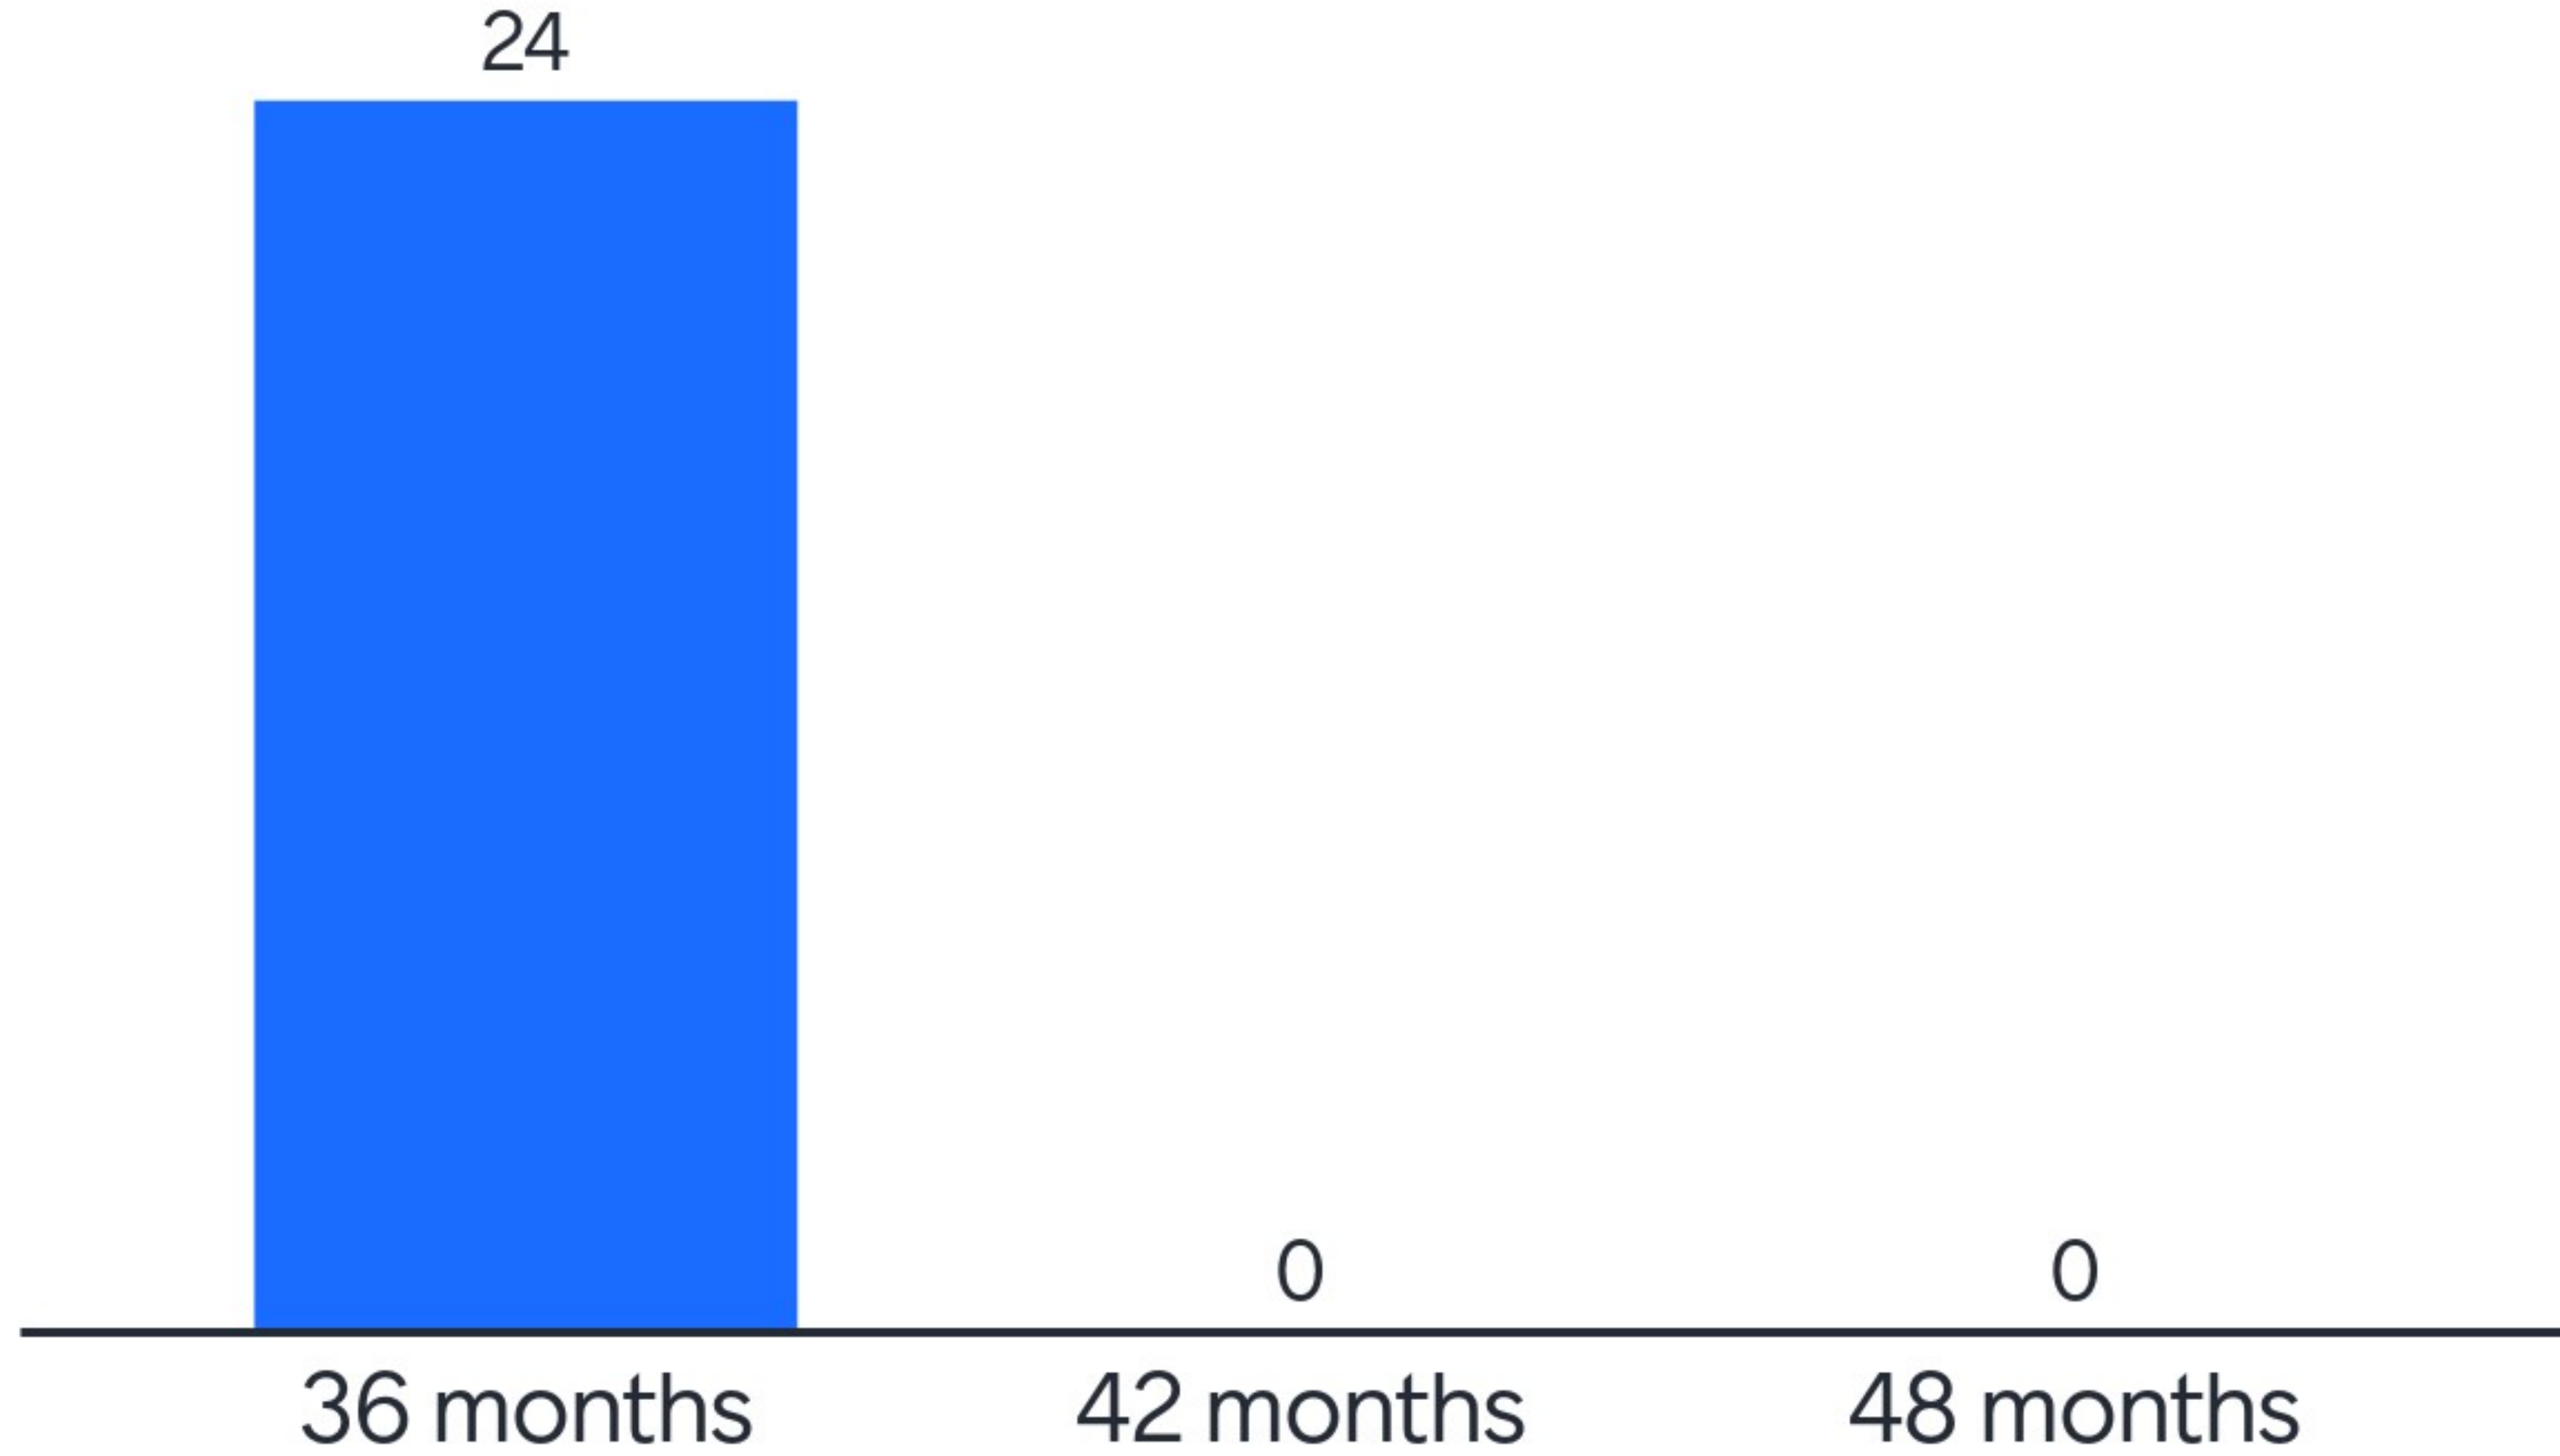

**Mentimeter**

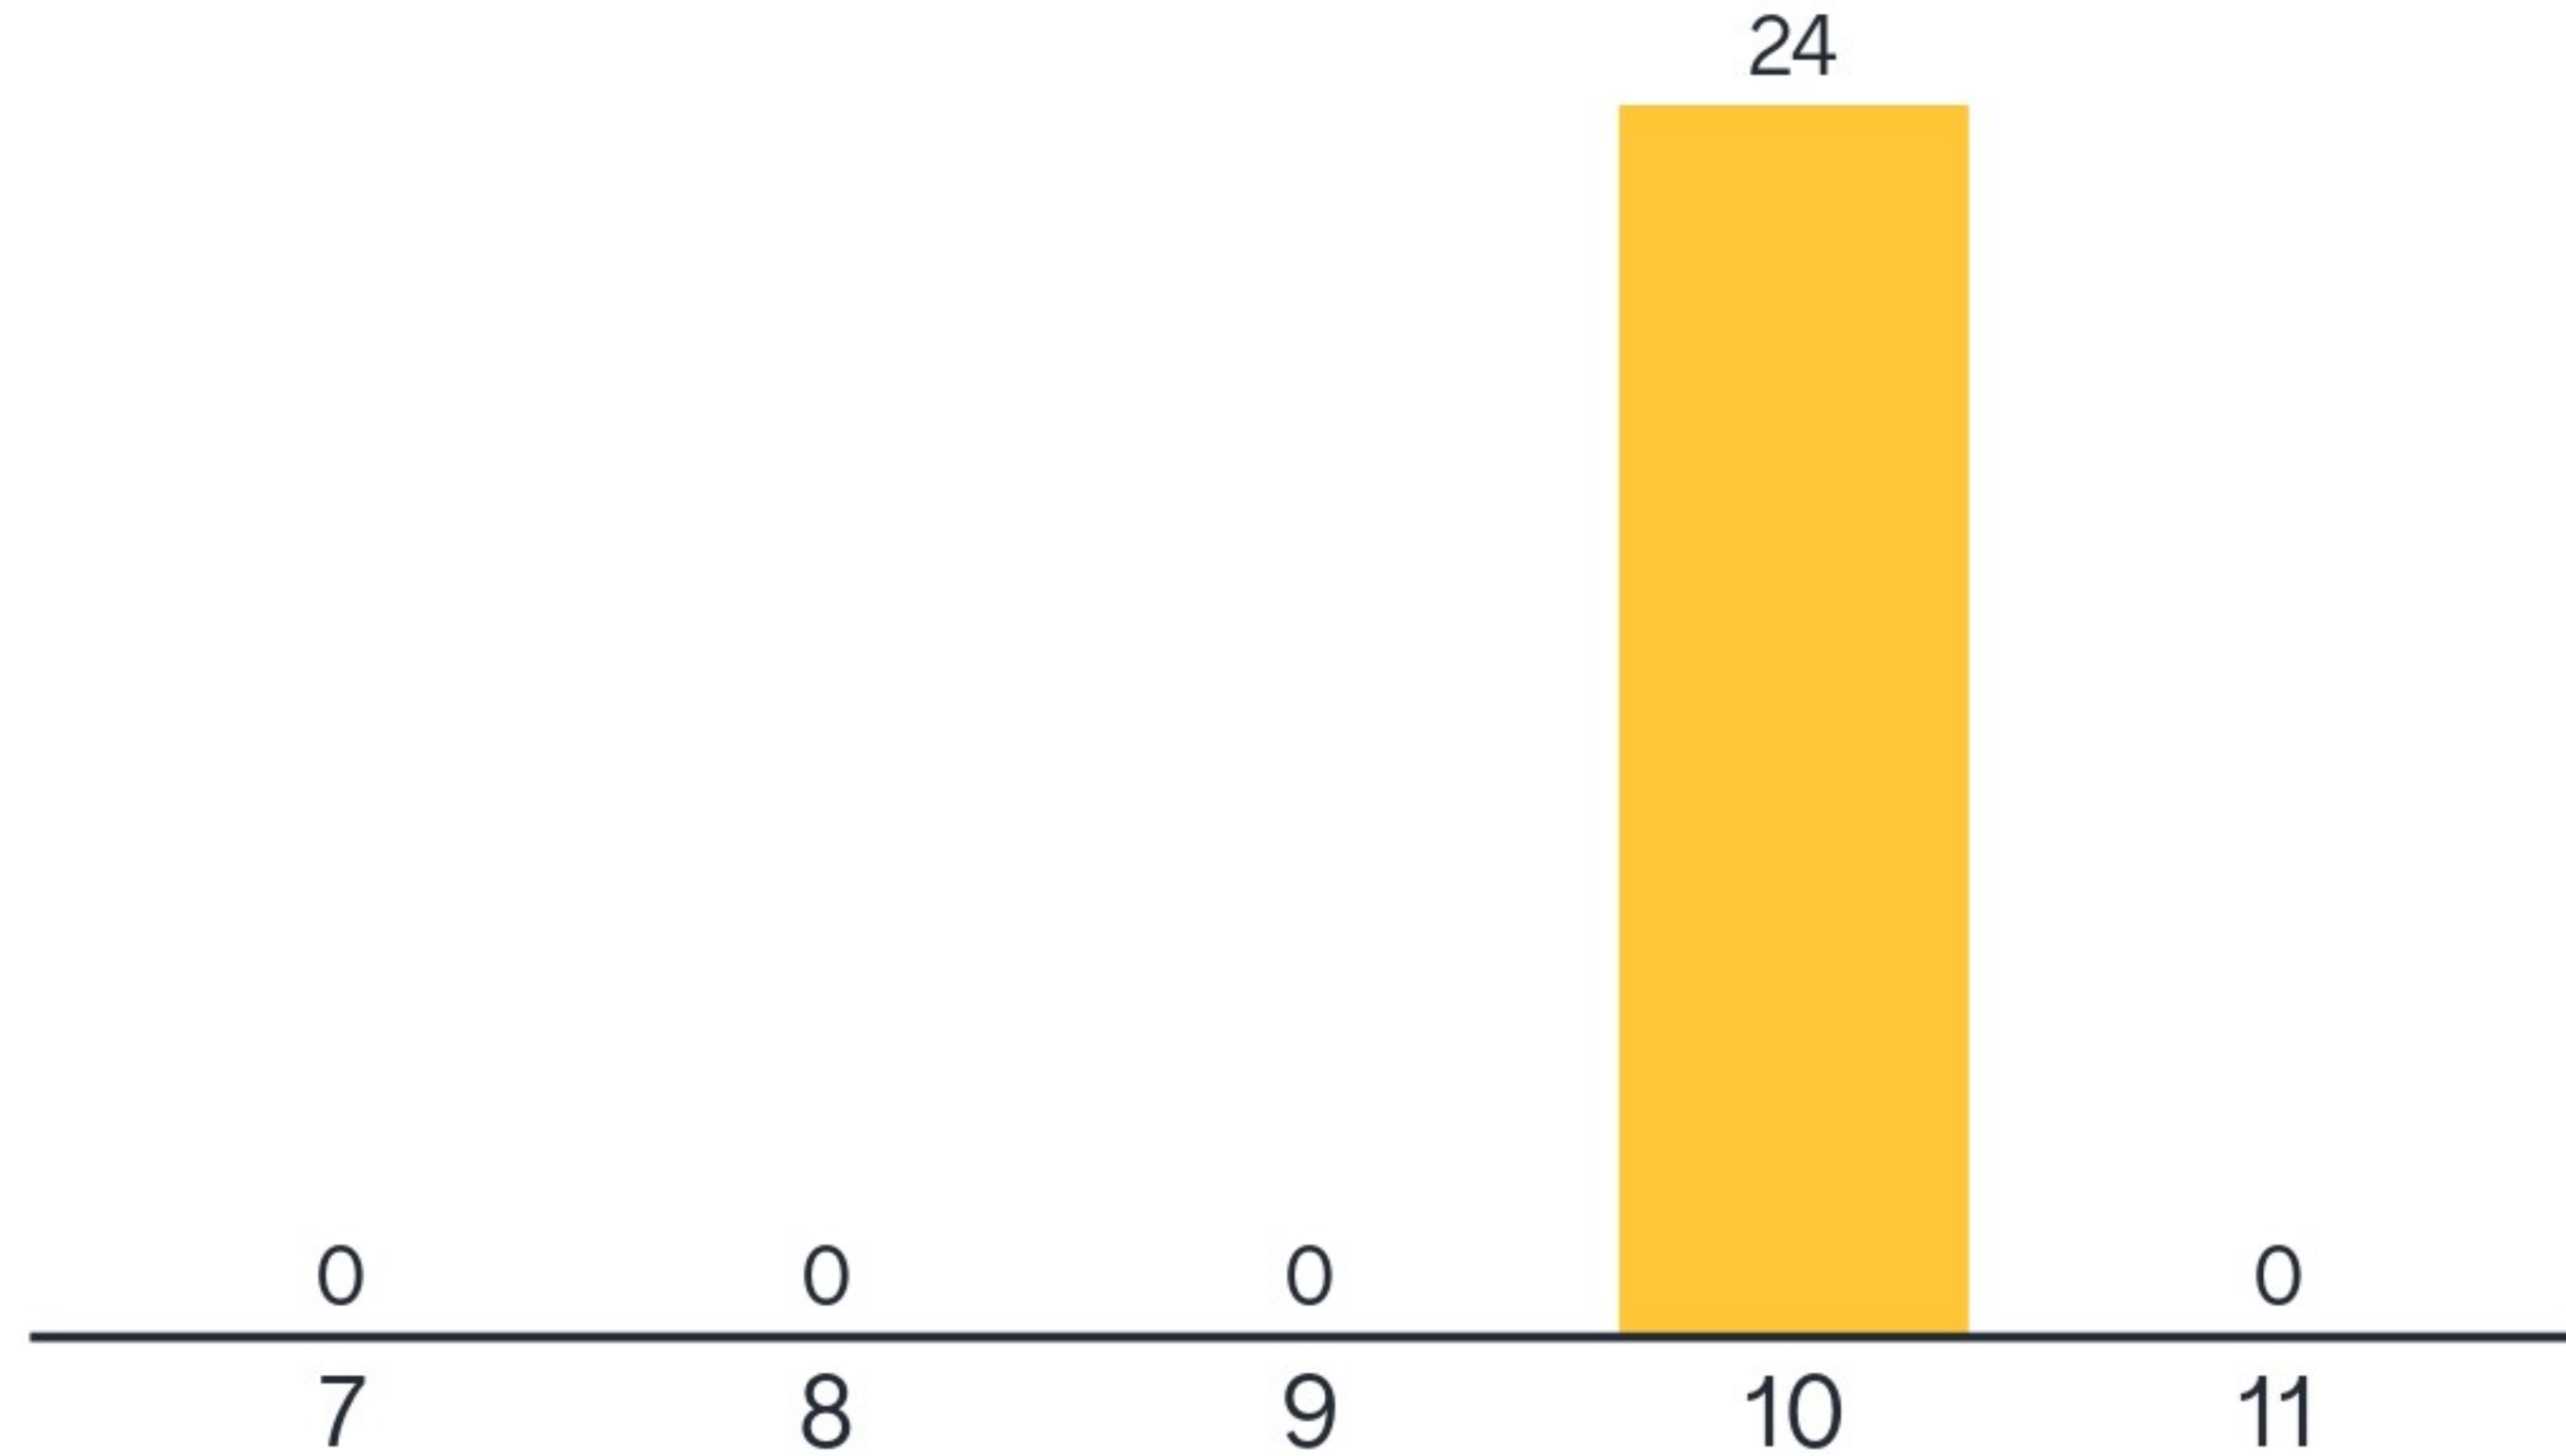

Describe the HighNESS project with one word. (Up to three entries per participant)

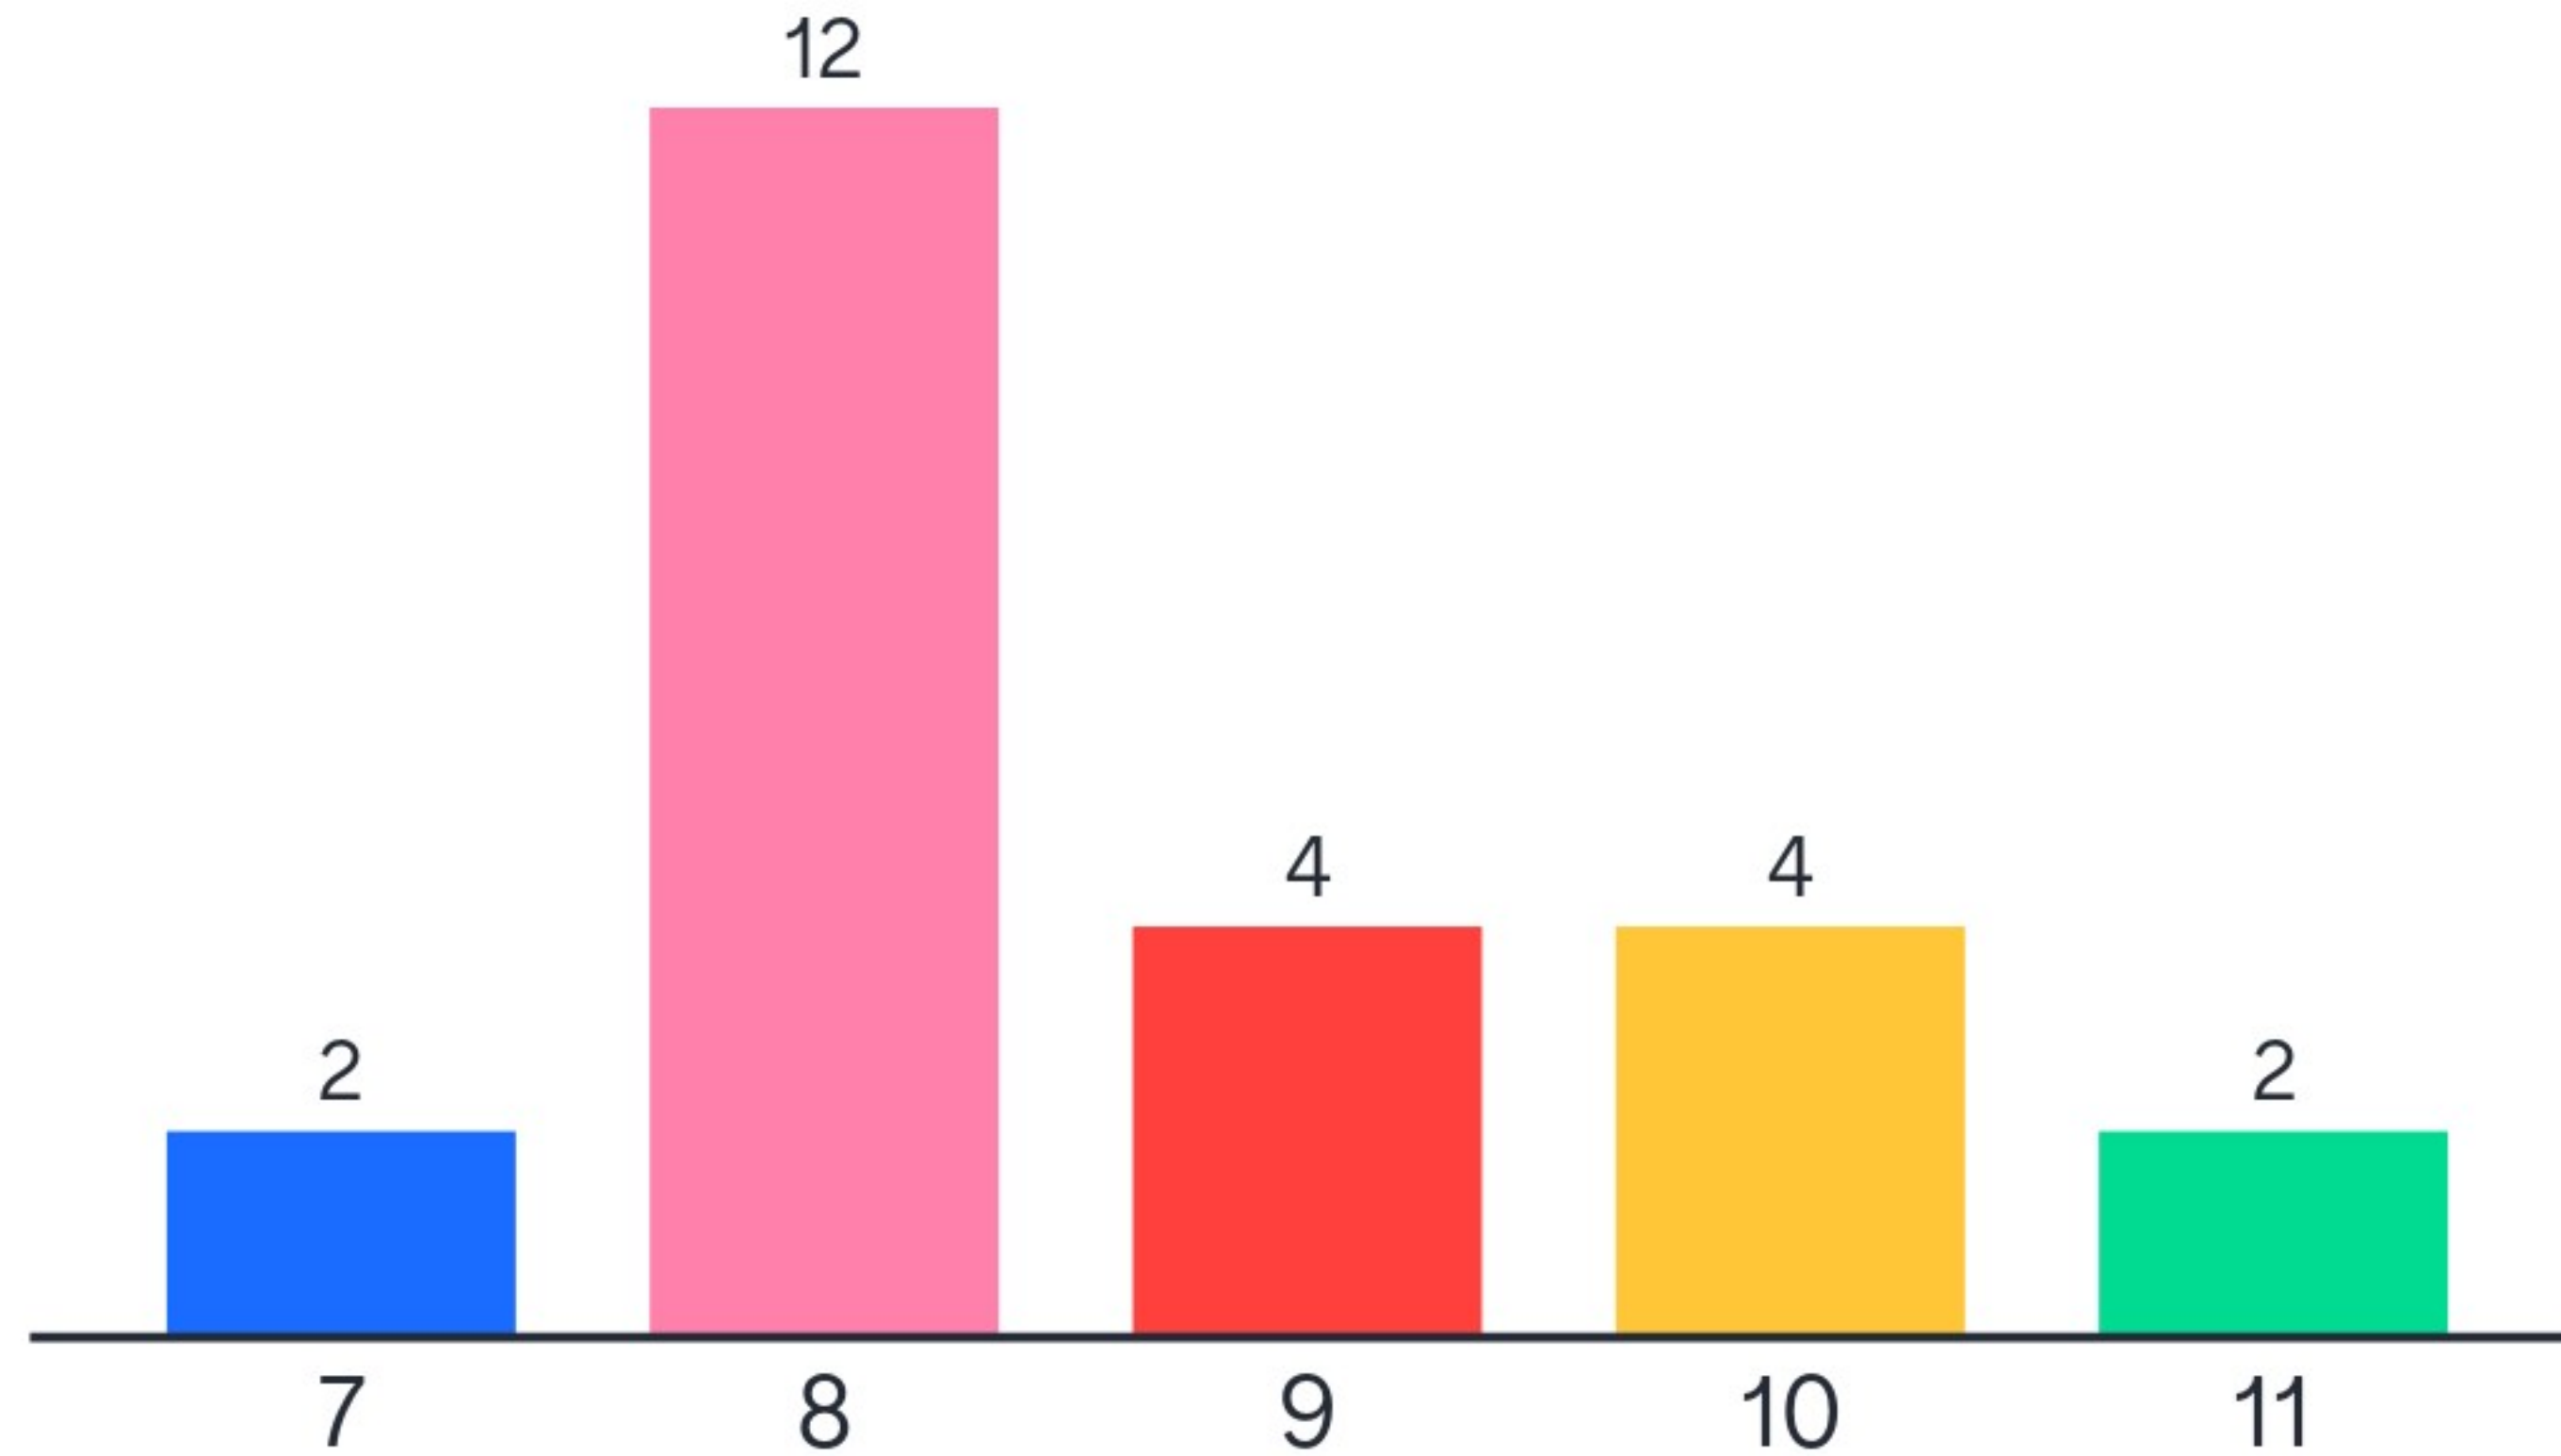

# How long is the HighNESS project?

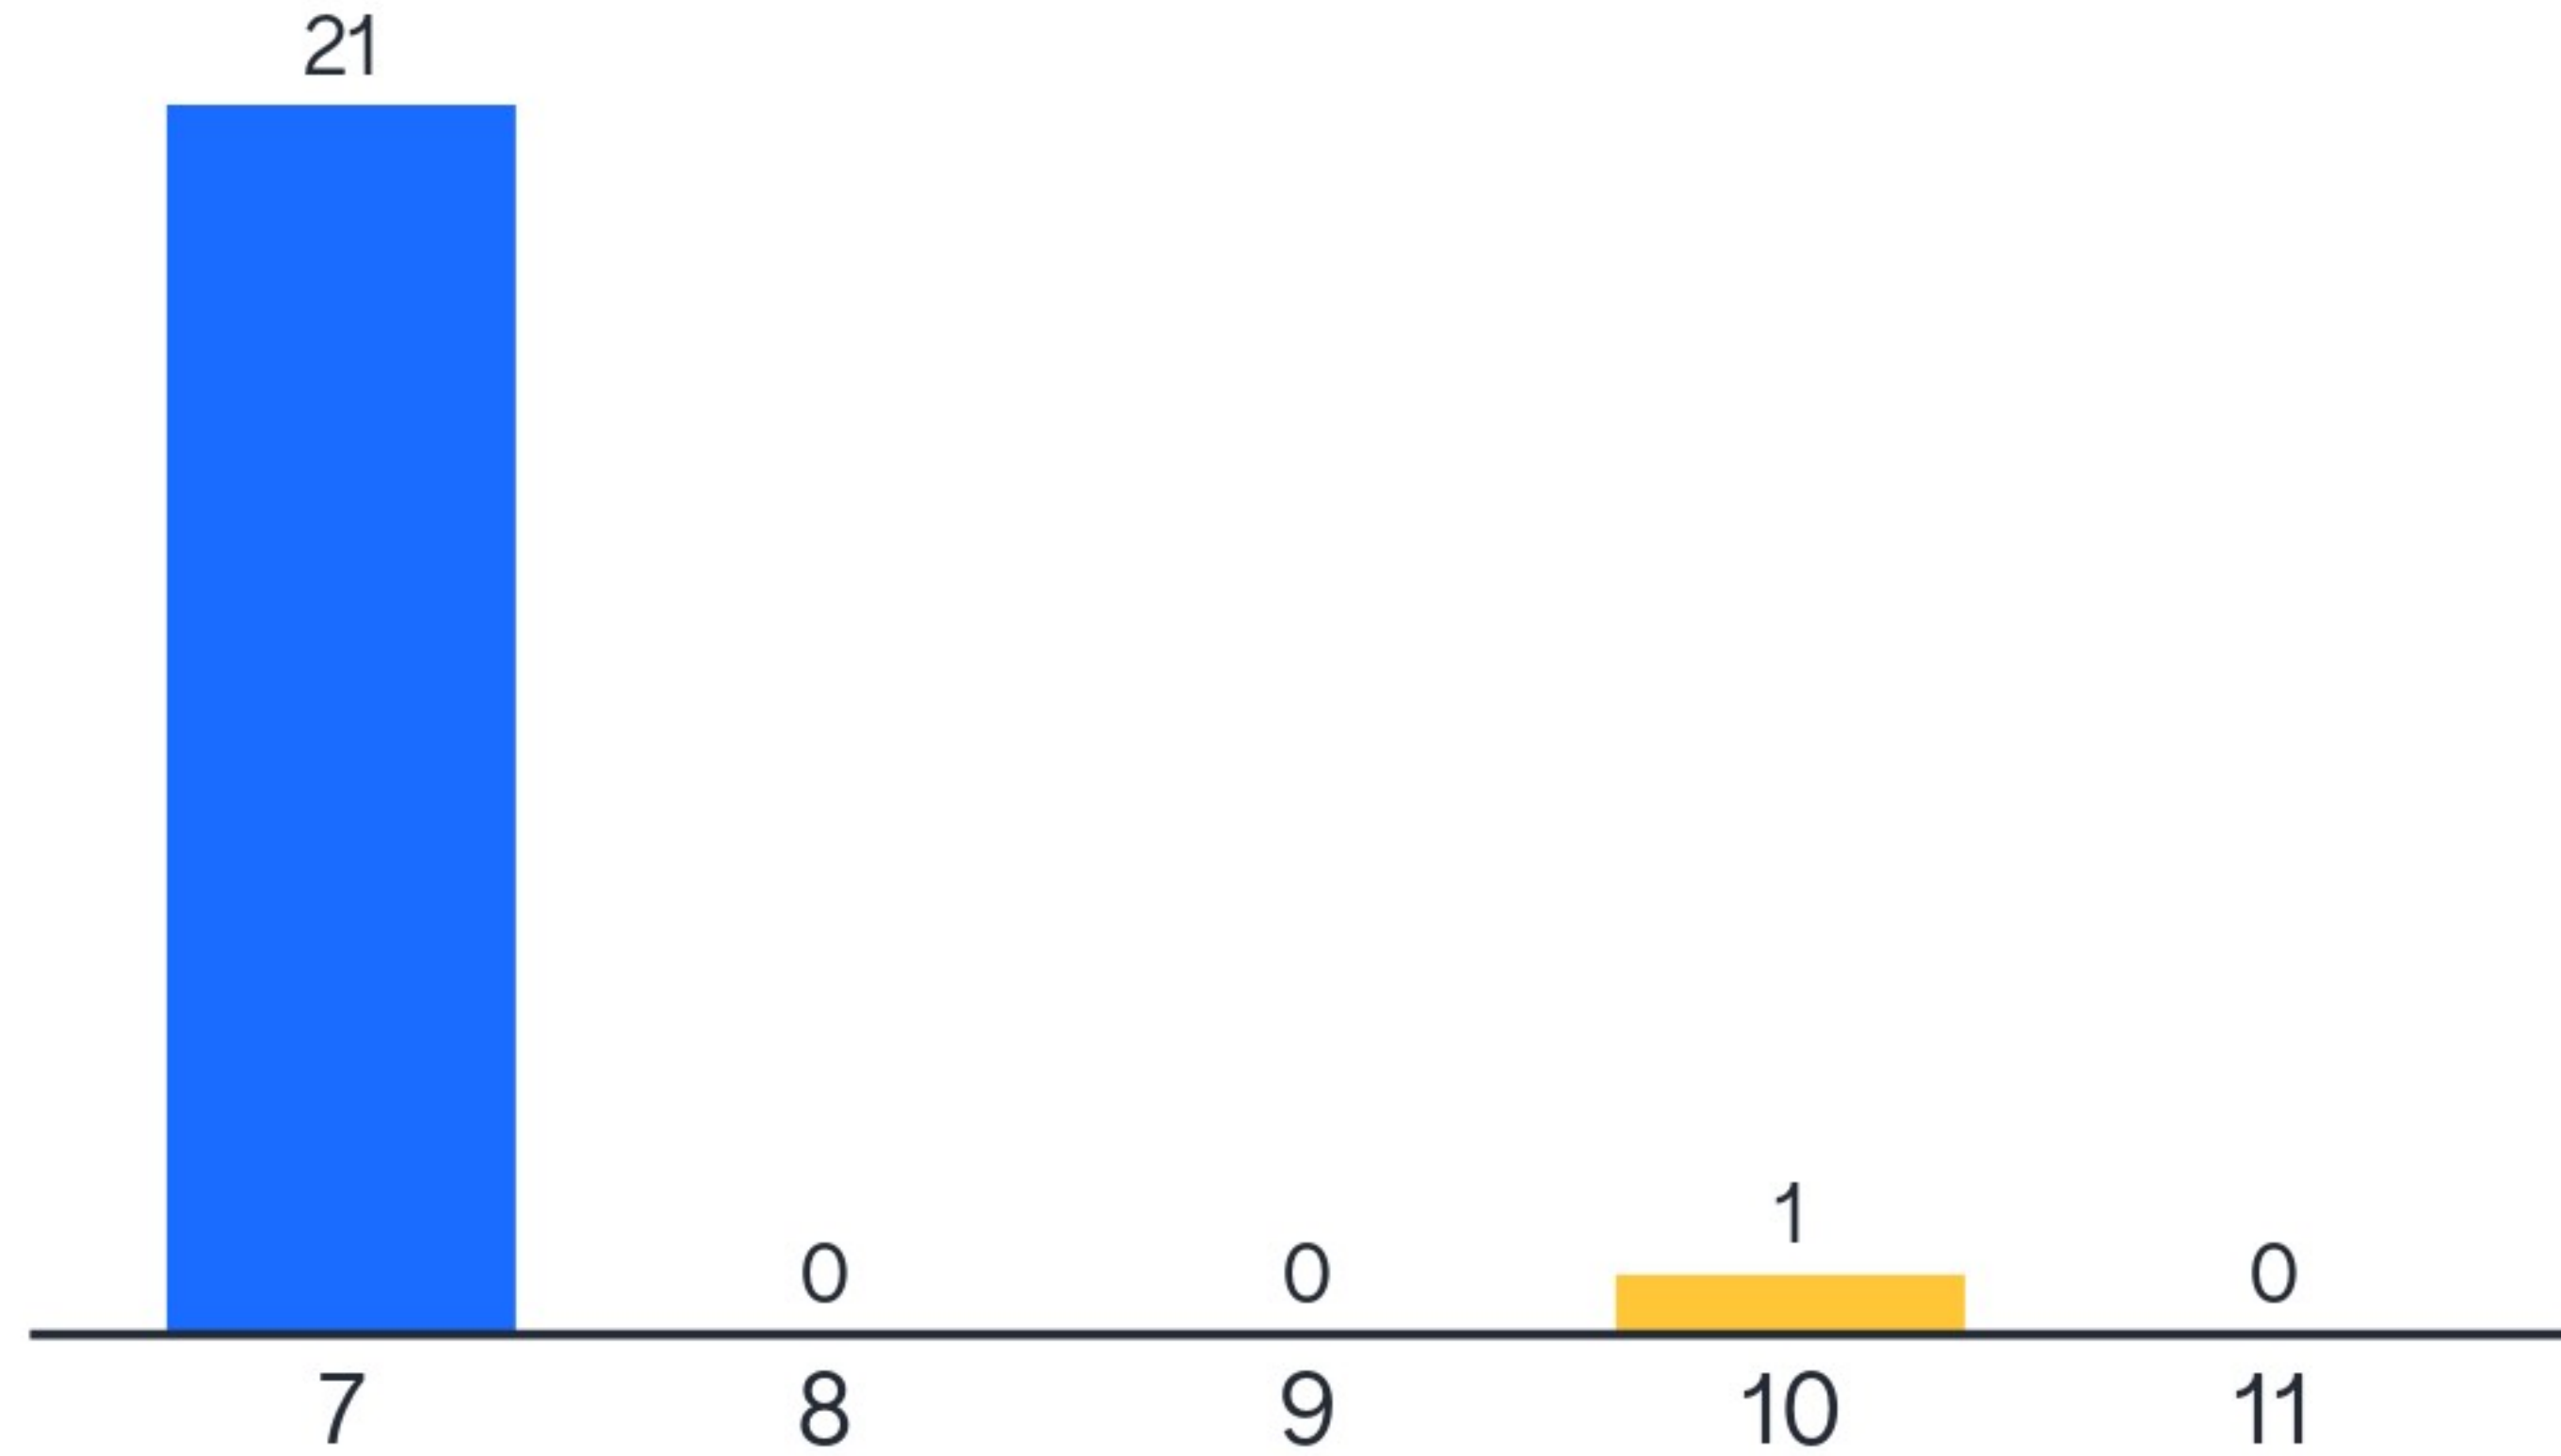

# How many Work Packages do we have in the HighNESS project?

# How many partners do we have in the HighNESS consortium?

# How many countries do our partners come from?

# WP10: Dissemination and outreach

Participants: ESS. Person Months: 6

Tasks

## Task 10.1

Internal Communication Platform  
(M1-3)

## Task 10.2

External Communication Platform  
(M1-3)

## Task 10.3

Organization of an International  
School on thermal neutron scattering  
kernel generation (M32-34)

Objectives

- Form a **knowledge database for all the researchers**, experienced and inexperienced, of the grant consortium

- **Relay timely information** about project activities and accomplishments to the public (website)
- **Increase project awareness** and stimulate stakeholder participation (social media)

- **Teach attendees** about the methods available to generate thermal neutron scattering kernels

Deliverables

D10.1 Wiki Page

M3: December 2020

D10.2 Public Web Page and social  
media accounts

M3: December 2020

D10.3 International School on thermal  
neutron scattering kernel generation

M34: July 2023

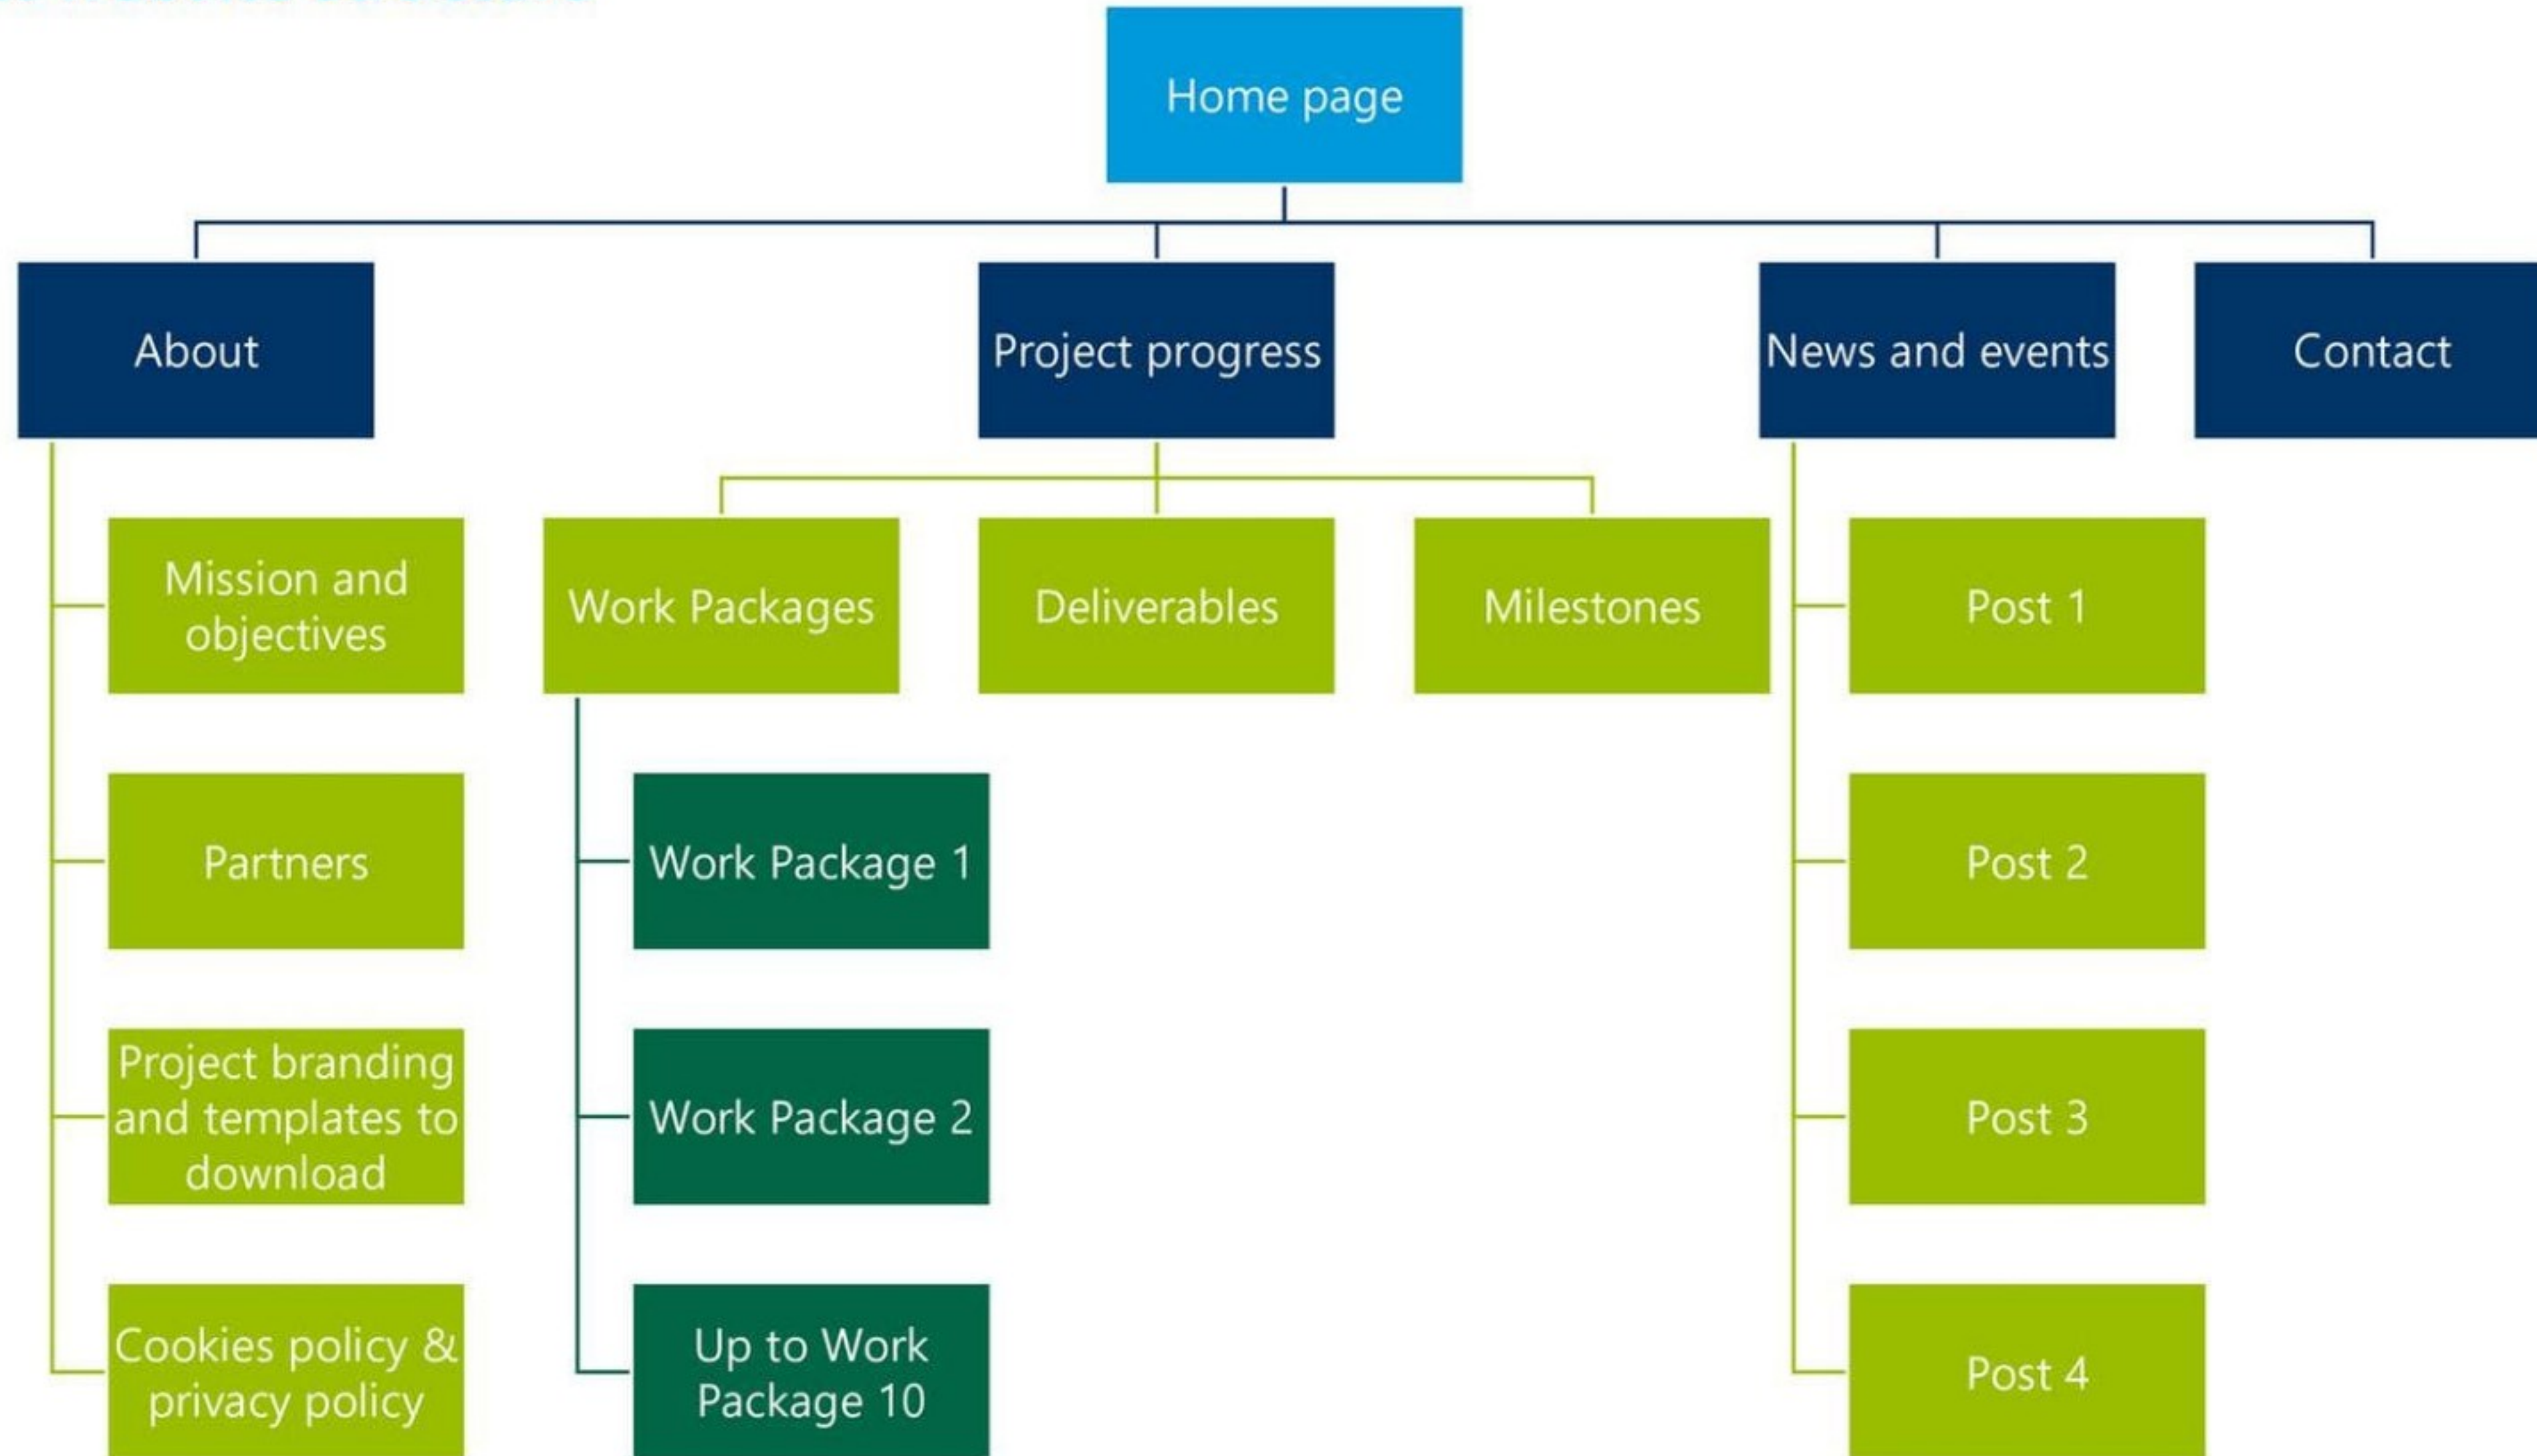

# Task 10.1: Internal communication platform

**OwnCloud:** <https://project.esss.dk/owncloud/index.php/s/uaRWkjUKnpGVNKK>

The screenshot displays the OwnCloud user interface. On the left, a large image of Earth from space serves as a background. In the center, the OwnCloud logo is visible above a message that reads "This share is password-protected". Below this message is a password input field with a masked password "....." and a submit button. At the bottom of the page, the text "ownCloud - A safe home for all your data" is displayed. On the right side, a sidebar contains a navigation menu with a home icon, a plus sign, and a grid icon. Below the menu is a list of folders, each with a folder icon, a name, and a three-dot menu icon. The folders are labeled WP1 through WP10. At the top right of the sidebar, there is a button labeled "Add to your ownCloud" with a downward arrow icon.

# Task 10.2: External communication platform

## Project website structure

# Task 10.3: Organisation of an International School on thermal neutron scattering kernel generation

**Where:** Lund, Sweden

**When:** Months 32-34 (May-July 2023)

**Length:** Up to 1 week

**Logistics and hosting:** ESS

**Technical content:** All grant participants involved in generating and validating the thermal neutron scattering kernels for this conceptual design

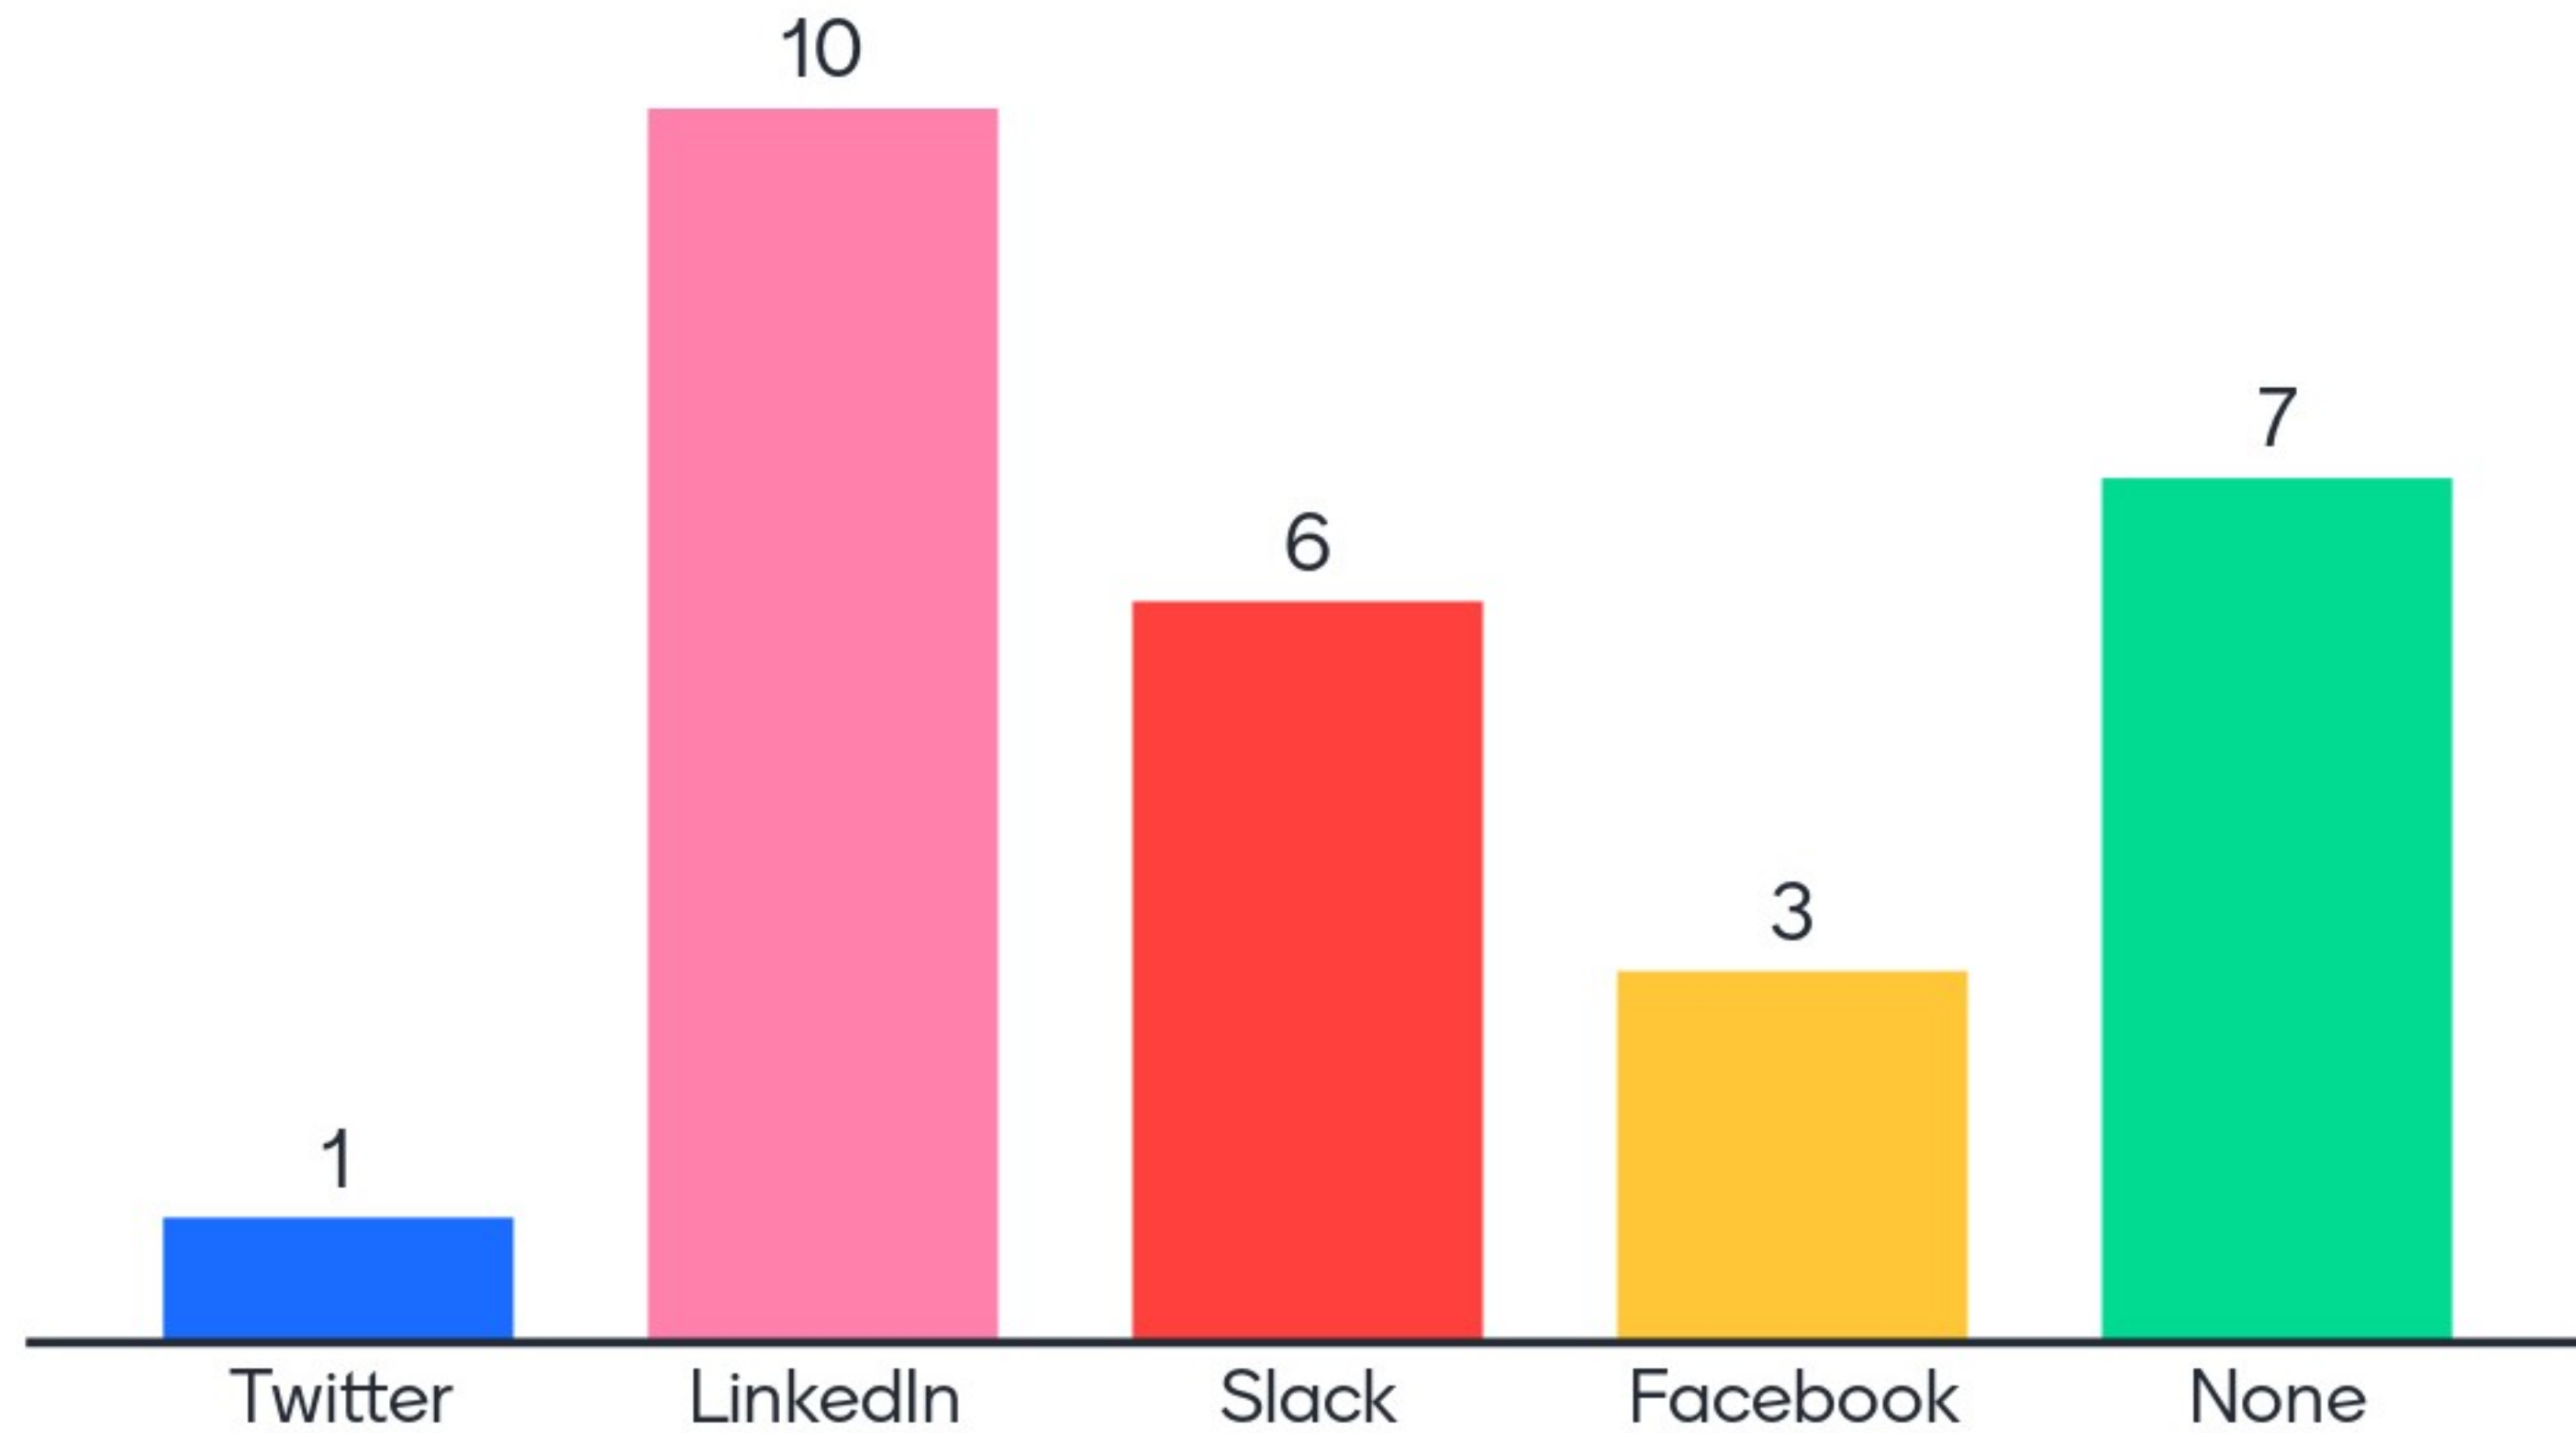

**Go to: [www.menti.com](https://www.menti.com)**  
**Use the code: 88 74 84 7**
