Spectroscopy and Functional Materials (3:30 PM - 5:00 PM)

time	[id] title	presenter
3:30 PM	[252] Anionic exchange membranes for fuel cells: insight into ion, polymer, and water dynamics from neutron spectroscopy	FOGLIA, Fabrizia
4:00 PM	[253] A combined experimental and computational study of oxide ion conductors	SCHWAIGHOFER, Bettina
4:15 PM	[254] Endofullerenes: dynamics in confinement - CH ₄ @C ₆₀ study	AOUANE, Mohamed
4:30 PM	[255] Hydrogen mobility and reactivity in MoS ₂ catalyst	FOUQUET, Peter
4:45 PM	[256] Vibrational properties of APbI ₃ : from harmonic vibrations to a phonon liquid	LAVÉN, Rasmus
