Fundamental and Particle Physics - Experiment Highlight (09:00 - 10:30)

| time | [id] title | presenter |
|-------|--|----------------------------|
| 09:00 | [265] Neutrino-Nucleus Coherent Scattering, ESS Research Program Status | MONRABAL CAPILLA, Francesc |
| 09:30 | [266] Measurement of the Fierz interference term with PERKEO III | BERNERT, Karina |
| 09:45 | [267] Diffraction enhanced experiments for particle physics | JENTSCHEL, Michael |
| 10:00 | [268] The Neutron - anti-neutron oscillation (NNBAR) experiment at the ESS | WAGNER, Richard |
| 10:15 | [269] Status of the PanEDM neutron electric dipole moment experiment | FILTER, Hanno |
