

Joint ESS ILL User Meeting

Friday, 7 October 2022

Large Scale Structures and Hard Matter (09:00 - 10:30)

time	[id] title	presenter
09:00	[270] Topological non-collinear magnetism: from skyrmions to solitons	CAUSER, Grace
09:30	[271] Analysis of time-of-flight SANS data on mesoscopic crystals such as flux line lattices	CAMPILLO, Emma
09:45	[272] Vortex matter transport phenomena of the IMS	BREMS, Xaver
10:00	[273] In situ small-angle neutron scattering study of hydrogen physisorption in nanoporous carbons	STOCK, Sebastian
10:15	[274] Investigating the superconducting state of 2H-NbS ₂	ALSHEMI, Ahmed
