

5th Open Collaboration Meeting on Superconducting Linacs for High Power Proton Beams (SLHiPP-5)

Wednesday, 18 March 2015

SRF cavities - Auditorium at Medicon Village (13:45 - 16:35)

-Conveners: Christine Darve

time	[id] title	presenter
13:45	[8] The elliptical cavities medium and high beta. Design, fabrication and tests results	PEAUGER, Franck
14:05	[9] Status of the SPL/High-Gradient SRF cavity processing and testing	MACPHERSON, Alick
14:25	[10] Status of the RF power couplers for the ESS elliptical cryomodule prototype M-ECCTD	ARCAMBAL, Christian
14:45	[11] SRF activities at CERN - Status and Medium Term	SCHIRM, Karl-Martin
15:05	[12] Spoke cavity preliminary test results	BOUSSON, Sébastien
15:25	Coffee break	
15:55	[13] SPL HOM couplers	PAPKE, Kai
16:15	[15] Electro-Polishing for SPL cavities	FERREIRA, Leonel
