

## **Diffraction STAP** April 16-17, 2024

<https://indico.ess.eu/event/3468/>

### **Charge**

The purpose of the meeting is to keep the STAP informed and up-to-date of the current status of the projects and consider preparations for First Science opportunities at DREAM.

#### **For the instrument teams:**

- Prepare instrument progress presentations including responses to specific topics raised in previous STAP meetings
- Provide status reports of the instruments prior the meeting at the indico page

#### **For ESS:**

- Organize the meeting
- Update the STAP on ESS and progress

#### **For the STAP:**

- Comment on the general update from ESS, given on the first day, April 16, in view of its relevance for the Diffraction instrument suite.
- Comment on the progress of the instrument projects and provide feedback to the Science Director and instrument teams on their progress and actions to be taken.
- Comment on preparations by DMSC as well as on opportunities for First Science at DREAM.
- The findings and recommendations should be formulated in a written report, which will also be given to the following SAC meeting.
