

Charge for STAP meeting 'Imaging and Engineering'

15-16 April 2024: <https://indico.ess.eu/event/3477/>

This STAP meeting will be held in person. Video participation is made possible.

Zoom Meeting: <https://ess-eu.zoom.us/j/5550703148>

Meeting ID: 555 070 3148

The main purpose of the meeting is to keep the STAP informed and up-to-date of the current status of the instrument projects and related activities, and for the STAP to give advice on the specific topics on the agenda of the meeting.

The

For the instrument teams:

- Prepare presentations concerning the instrument status and progress in advance of the meeting.
- Consider specific topics as raised in previous STAP meetings.
- Identify hot topics and raise them at the meeting.

For ESS Science management:

- Organize the meeting.
- Update the STAP on ESS progress and the current schedule.

For the STAP:

- Comment on the progress of the instrument projects in the context of their schedule.
- Comment on progress of software developments as well as detector DAQ.
- Comment on impressions from site tour, including status of support facilities.
- Provide feedback on the future of the instrument class within the Science Directorate and Diffraction and Imaging Division.
- What is the STAP's perspective on the future of the STAP organization?
- The findings and recommendations should be formulated in a written report (bullet points are sufficient).
- The STAP chair will be invited to the SAC meeting.
