Daily Scicat Exercise
Simulation Day

2025-08-26

Daily Scicat Exercise
## Simulation Day

Task 1 - Upload Datasets
Requirements (2)
1. Add a plot as attachment file.
2. Add `sample-choice` as a scientific metadata

1

These plots... you remember?

```
ms.make_sub_plot(data, filename="NAME_OF_YOUR_PLOT_FILE.png")
```

Use `filename` argument to save the plot, and add the path to the `Attachment Path` field in the widget.

2

Scientific Metadata	
Name	**Value**
Sample Choice	sample_Si

You should be able to see it from the dataset details

Task 2 – Write README.md in Simulation Section

```
18  - [Simulation](#Simulation)
19  - [Data Reduction](#Data-Reduction)
20  - [Data Analysis](#Data-Analysis)
21  - [Conclusion](#Conclusion)
22
23  ## Simulation
24
25  > Day 2, 2025.08.26
26
27  ```python
28  # Add your code snippet how you run the simulation
29  ```
30
31  ### Simulation Result
32
33  | Dataset Name | Scicat Dataset Persistent Identifier (PID) |
34  | ------------ | ------------------------------------------ |
35  | {{ SIMULATION_DATASET_NAME }} | [ {{ SIMULATION_DATASET_PID }} ]({{
    LINK_TO_THE_SIMULATION_DATASET_IN_SCICAT }}) |
36
37  <br>
38
39  > Add your plots here
40
41  ![Alternative Text of Image](full_path_to_the_image "Help text of Image")
42
43  ## Data Reduction
44
```

Today's exercise is done!
See you tomorrow : D
