From Copenhagen Airport Kastrup with the Öresunds train:

Tickets are **not** available for purchase on board trains with cash or credit cards!

How to buy a ticket:

- **Red ticket machines:** Buy your ticket using a debit/credit card or Discount Travel Card (Jojo). You find 1 red "Skånetrafiken" ticket machine at the Baggage Claim area and 4 red "Skånetrafiken" ticket machines in Terminal 3 (by the escalators leading to the train station platform).
- **With Skånetrafiken's App** you can buy single fare tickets for trains and buses throughout Skåne. You can download this app from App Store or Google Play, you find it by searching for "Skånetrafiken". The first time you buy the ticket via the app your credit card number is requested.

How to find the train:

On the train station platform in Terminal 3 take any train on track 1 going to the following Swedish destinations: Gothenburg, Kalmar, Helsingborg, Kristianstad or Karlskrona. They all stop in Malmö and then in **Lund**. The trains leave every 20 minutes (less frequent during the night) and the journey takes around 50 minutes to Lund Central Station.

ID Checks

Please be aware that there are border ID checks. At Copenhagen Airport your ID will be checked on entering the platform. The train will also stop at the first station in Sweden (Hyllie) and the Swedish police will enter the train to check everyone's ID. Only passports and European National ID cards (must show nationality) are acceptable as ID.
