

# Neutrons and Food 2016

## Thursday, 2 June 2016

### **Biopolymers - Palaestra Nedre (13:30 - 15:00)**

-Conveners: Niklas Lorén

time	[id] title	presenter
13:30	[7] Protein gels from the inside with neutron scattering	Dr BOUWMAN, Wim
13:55	[8] Glass transition and hydration of food protein studied by inelastic neutron scattering	Dr NAKAGAWA, Hiroshi
14:15	[15] Exploring plant protein structures in food and non-food products with the help of X-ray scattering and other techniques	Mrs KUKTAITE, Ramune
14:35	[4] Effect of stabilizers on the mesostructure of cellulose microfibrils studied by small-angle X-ray scattering	Mr VELICHKO, Evgenii
