

# 4th International Workshop on Accelerator Radiation Induced Activation (ARIA'17)

## Monday, 22 May 2017

### Benchmarking and intercomparison - Gästmatsalen (11:50 - 14:40)

-Conveners: Goran Skoro

time	[id] title	presenter
11:50	[17] Activation of the ISIS TS-1 and TS-2 targets - Simulations versus experimental results -	Dr SKORO, Goran
12:10	[16] Measurements and FLUKA Simulations of Bismuth , Aluminium and Indium Activation at the upgraded CERN Shielding Benchmark Facility (CSBF)	Ms ILIOPOULOU, Elpida
14:00	[36] Benchmark studies of spallation products in Cu target irradiated by high-energy heavy ions	Dr LEE, Hee-Seock
14:20	[8] Sensitivity of Ambient Dose Equivalent to the Concentration of Cobalt Impurity Present in Stainless Steel	Dr SHETTY, Nikhil
