

Nordic Workshop on Scattering from Soft Matter

Wednesday, January 17, 2018

Session 2 - Auditorium (3:45 PM - 5:45 PM)

time	[id] title	presenter
3:45 PM	[75] Dynamics of Proteins in Solution Studied by Quasi-Elastic Neutron Scattering	ROOSEN-RUNGE, Felix
4:15 PM	[73] High throughput biological solution SAXS instrumentation for state-of-the-art structural biology research and validation.	SKOU, Soren
4:30 PM	[34] Probing the structural dynamics of photoreceptor proteins by time-resolved X-ray solution scattering	Dr BERTSSON, Oskar
4:50 PM	[15] Probing the interaction between antimicrobial peptides and model biomembranes using small angle scattering techniques	Ms NIELSEN, Josefine Eilsø
5:10 PM	[36] Surface and colloid properties of oligomeric alkylglycosides	Mr LARSSON, Johan
5:30 PM	[54] Beamline Updates
